

Apprentice Opportunities with Worcester Bosch

Our Apprenticeship programmes offer a strong and diverse platform for individuals looking to gain professional experience with an award-winning company.

Start your career with Worcester.

Apprenticeships available nationwide

Field Service (Domestic & Commercial)

This 2-3 year course combines both theoretical and practical learning. Individuals will gain valuable skills, including an accredited ACS gas safety qualification, and the knowledge to be able to professionally service and maintain a range of award-winning Worcester products.

Sales (Domestic & Commercial)

As part of a three year scheme within our external salesforce, individuals will gain experience within a fast-paced, customer focused environment which, combined with acquiring an NVQ Diploma in Sales, will contribute to a vast range of learning opportunities.
